# WTF Just Happened?

## THE BASICS:

- 2 x 30 minute periods
- Maximum 2 minute play = a "jam"
- 30 seconds between jams
- 3 timeouts per team
- 1 penalty = 30 seconds in the box
- 7 trips to the box = expulsion

## HOW'S THE ROLLERBLADING GOING?

Roller Derby is played on 8 wheels  
AKA quads AKA roller skates!

### 1. JAM START

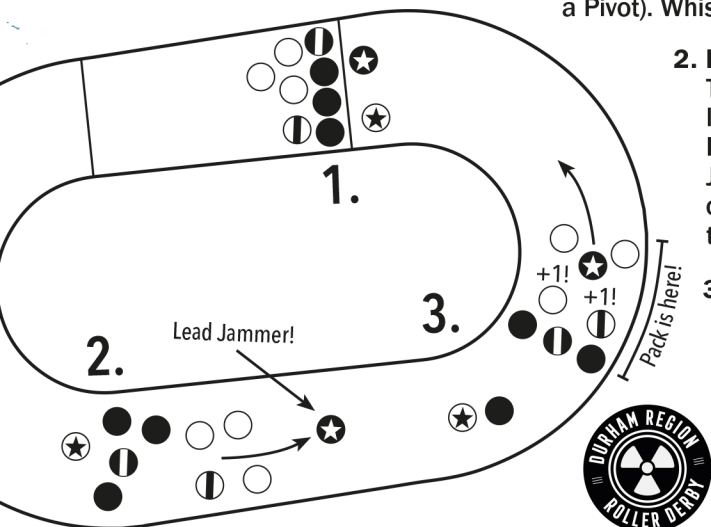

Each team sends out up to 5 skaters:  
1 Jammer, and 4 Blockers (including  
a Pivot). Whistle starts the Jam!

### 2. FIRST PASS

The first Jammer to  
legally pass through the  
Pack is awarded Lead  
Jammer, and can "call  
off" the Jam by tapping  
their hands on their hips.

### 3. SCORING POINTS

Jammers begin  
scoring points on their  
second pass through  
the pack. They score  
one point every time  
they lap a blocker,  
including those stuck  
in the penalty box.

## THE PACK:

The pack is made up of the largest group of blockers from each team.

### JAMMER

The Jammer is the skater in possession of the Jammer helmet cover (a.k.a. "The Star"). The Jammer is the only skater who can score points for their team.

### BLOCKERS

Blockers assist and protect their Jammer, and impede the opposing Jammer.

### PIVOT

The Pivot is a Blocker, in possession of the Pivot helmet cover (a.k.a. "The Stripe"). The Pivot may become their team's Jammer with a "Star Pass".

## PASSING THE STAR:

The Jammer may transfer the Star to their team's Pivot. The Pivot is now the Jammer and can score points, but they cannot call off the jam.

## STILL HAVE QUESTIONS?

Ask a skater  
(who's NOT on the track!)

## BUT WHERE'S THE BALL?!

Essentially the Jammer is the ball — following their progress is the easiest way to watch. But be warned, you WILL go to the box if you kick them ;)

Some other contact penalties you may see include low block (no tripping!), forearms (no elbows!), back block or blocking with the head.
